If you have no signal

- Extreme temperatures: Winter can reach -40°C, summer Gobi can exceed 40°C
- No cell service: Most countryside areas have zero coverage
- Remote hospitals: Nearest hospital can be 6-10 hours away by car
- Wild animals: Wolves, bears, and venomous snakes in some areas
- Tell your driver or camp where you are going and when you will be back.
- Your driver is your primary safety system outside the capital.
